Vice President's Message

Dear friends,

Our MGRC has a unique history of service. Starting with a single blind person rehabilitated in-house, today our services extend to around 250 families in and around the city of Trivandrum. The diverse services we render to this individuals and families makes a marked difference in their everyday life, be it receiving the necessary medicines, educational assistants and food security. The donors play a very vital role in delivering meaningful aid to the needy. I hope the Centre will strive for better excellence in the years ahead.
